1. Downside protection is no guarantee against future losses.

Benefits of the Upper Middle Market

Our Direct Lending strategy primarily targets the upper end of the middle market, which we believe to be more defensive and more resilient through various market cycles

Financial Sponsor Backing

- Sponsors provide professional management, oversight, and alignment
- Lenders maintain a direct relationship with sponsors
- Sponsors operate with a committed pool of capital that they can use for workout initiatives or to address liquidity needs

Industry Leading Borrowers

- More established companies with diversified customer and supplier bases, multiple revenue streams, and various paths for organic and inorganic growth
- Greater pricing power, which is especially critical during periods of rising inflation

Experienced Management Teams

- Management teams tend to be more experienced and can navigate effectively through changing market cycles and downturns

Stronger Credit Profiles

- According to LCD, from 1995 to Q4 2024, companies with EBITDA of \$50-\$99mm have a **6% lower rate of default** than companies with EBITDA of \$0-\$49mm⁽¹⁾
- According to LCD, from 1995 to Q4 2024, companies with EBITDA of \$100mm or greater have a **32% lower rate of default** than companies with EBITDA of \$0-\$49mm⁽¹⁾

“A larger-scale business is usually associated with a stronger market position, a better ability to weather financial downturn, more established operations, and a more stable outlook.”

- Moody's Analytics

“We can easily find empirical evidence showing small companies have a higher default risk”

- S&P Global

“We see a significant decrease in default rates for companies with total assets above \$100 million”

- Moody's Analytics

1. LCD Default Review Q4 2025. Comprises loans closed between 1995 and Q4 2024.

Private Credit: KKR Platform Benefits

1. Leverage Global KKR Network

Strong collaboration across KKR's broader platform enhancing both origination and due diligence

2. Private Credit Platform with Differentiated Size and Scale

Ability to finance higher quality, upper-middle market borrowers on a sole lender basis

3. Institutionalized and Seasoned Team

Broad investment team, including dedicated Portfolio Monitoring and Workout resources enhance our total capability set

4. Broad Origination Network of Repeat Relationships

On average ~66% of our originations come from existing portfolio companies within KKR's network

5. Rigorous "PE-Style" Investment Diligence Process

Consistent and repeatable underwriting process with a focus on structural and downside protection

1. Unlevered asset level returns. Actual asset internal rate of return ("IRR") used for realized investments. For unrealized investments, the latest quarter-end fair market value is used as the final value which is then combined with the historical cash flows to generate an unrealized IRR. Recent investments may have an elevated unrealized IRR if they were purchased at a discount and/or had upfront fees. Cash flows used to calculate IRR for foreign investments are converted to USD using a constant exchange rate as a hedging assumption. There is no single generally accepted method for calculating returns for individual investments or sub-sets of investments. Alternative methods may have produced different results. Past performance is not indicative of future results.

1. Net merger accretion represents a reversal of all Merger-related accretion for the specified period.

2. Adjusted net investment income is a non-GAAP financial measure. Adjusted net investment income is presented for all periods as GAAP net investment income excluding (i) the accrual for the capital gains incentive fee for realized and unrealized gains; (ii) excise taxes; (iii) the impact of accretion resulting from merger accounting; and (iv) certain non-recurring operating expenses that are one-time in nature and are not representative of ongoing operating expenses incurred during FSK's normal course of business (referred to herein as one-time expenses). FSK uses this non-GAAP financial measure internally in analyzing financial results and believes that the use of this non-GAAP financial measure is useful to investors as an additional tool to evaluate ongoing results and trends and in comparing its financial results with other business development companies. The presentation of this additional information is not meant to be considered in isolation or as a substitute for financial results prepared in accordance with GAAP.

Forward-Looking Statements

Statements included herein may constitute “forward-looking” statements as that term is defined in Section 27A of the Securities Act of 1933, as amended (the “Securities Act”), and Section 21E of the Securities Exchange Act of 1934, as amended, including statements with regard to future events or the future performance or operations of FS KKR Capital Corp. (“FSK”). Words such as “believes,” “expects,” “projects,” and “future” or similar expressions are intended to identify forward-looking statements. These forward-looking statements are subject to the inherent uncertainties in predicting future results and conditions. Certain factors could cause actual results to differ materially from those projected in these forward-looking statements. Factors that could cause actual results to differ materially include changes in the economy, geo-political risks, risks associated with possible disruption to FSK’s operations or the economy generally due to terrorism, natural disasters or pandemics, future changes in laws or regulations and conditions in FSK’s operating area, and the price at which shares of FSK’s common stock trade on the New York Stock Exchange. Some of these factors are enumerated in the filings FSK made with the U.S. Securities and Exchange Commission (the “SEC”). The inclusion of forward-looking statements should not be regarded as a representation that any plans, estimates or expectations will be achieved. Any forward-looking statements speak only as of the date of this communication. Except as required by federal securities laws, FSK undertakes no obligation to update or revise any forward-looking statements, whether as a result of new information, future events or otherwise. Readers are cautioned not to place undue reliance on any of these forward-looking statements.

This presentation contains summaries of certain financial and statistical information about FSK. The information contained in this presentation is summary information that is intended to be considered in the context of FSK’s SEC filings and other public announcements that FSK may make, by press release or otherwise, from time to time. FSK undertakes no duty or obligation to update or revise the information contained in this presentation. In addition, information related to past performance, while helpful as an evaluative tool, is not necessarily indicative of future results, the achievement of which cannot be assured. Investors should not view the past performance of FSK, or information about the market, as indicative of FSK’s future results.

This presentation contains certain prospective financial information with respect to FSK’s estimated future performance. FSK’s independent auditors have not audited, reviewed, compiled, or performed any procedures with respect to such information for the purpose of their inclusion in this presentation and, accordingly, have not expressed an opinion or provided any other form of assurance with respect thereto for purposes of the presentation. In this presentation, certain of such prospective financial information has been included (in each case, with an indication that the information is an estimate and is subject to the qualifications presented herein) for purposes of providing comparisons with historical data. The assumptions and estimates underlying the prospective financial information are inherently uncertain and are subject to a wide variety of significant business, economic and competitive risks and uncertainties that could cause actual results to differ materially from those contained in the prospective financial information. There can be no assurance that the prospective financial information is indicative of the future performance of FSK or that actual results will not differ materially from those presented in the prospective financial information. Inclusion of prospective financial information in this presentation should not be regarded as a representation by any person that the results contained in the prospective financial information will be achieved. The prospective financial information reflects assumptions that are subject to change, and there can be no assurance that FSK’s financial condition or results of operations will be consistent with those set forth in such prospective financial information.

The prospective financial information, guidance and other forward-looking statements included herein are effective only on the date given. In accordance with our policy, we will not update, reaffirm or otherwise comment on any prospective financial information, guidance or other forward-looking statements in connection with this presentation, except as may be required by law. No reference made to any prior financial guidance or other forward-looking statements in connection with this presentation should be construed to update, reaffirm or otherwise comment on such prior financial guidance or other forward-looking statements.

This presentation contains certain financial measures that have not been prepared in accordance with U.S. generally accepted accounting principles (GAAP). FSK uses these non-GAAP financial measures internally in analyzing financial results and believes that the presentation of these non-GAAP financial measures is useful to investors as an additional tool to evaluate ongoing results and trends and in comparing FSK’s financial results with other business development companies.

Non-GAAP financial measures are not meant to be considered in isolation or as a substitute for comparable GAAP financial measures and should be read only in conjunction with FSK’s consolidated financial statements prepared in accordance with GAAP.

Certain figures in this presentation have been rounded.

Important Information

The data and information presented are for informational purposes only. The information contained herein should be treated in a confidential manner and may not be transmitted, reproduced or used in whole or in part for any other purpose, nor may it be disclosed without the prior written consent of KKR Credit. KKR Credit currently conducts its activities through the following advisory entities: KKR Credit Advisors (US) LLC ("KKR Credit Advisors US"), which is authorized and regulated by the SEC, KKR Credit Advisors (Ireland) Unlimited Company, which is authorized and regulated by the Central Bank of Ireland, and KKR Credit Advisors (UK) LLP, which is authorized and regulated by the Financial Conduct Authority. By accepting this material, the Recipient agrees not to distribute or provide this information to any other person and to return it promptly upon request.

Target returns are hypothetical in nature and are shown for illustrative, informational purposes only. This summary is not intended to forecast or predict future events, but rather to indicate the returns for the asset classes indicated herein that KKR Credit has observed in the market generally over the course of an investment cycle. It does not reflect the actual or expected returns of any potential investment of FS KKR Capital Corp. (the "Fund") and does not guarantee future results. The target returns are based upon KKR Credit's view of the potential returns for investments to be made by the Fund, are not meant to predict the returns of the Fund, and are subject to the following assumptions: KKR Credit considers a number of factors, including, for example, observed and historical market returns relevant to the applicable asset class available for investment to the Fund, projected cash flows, relevant other market dynamics (including interest rate and currency markets), anticipated leverage, and liquidity constraints. Certain of the assumptions have been made for modeling purposes and are unlikely to be realized. No representation or warranty is made as to the reasonableness of the assumptions made or that all assumptions used in achieving the returns have been stated or fully considered. Changes in the assumptions may have a material impact on the projected returns presented. Unless otherwise indicated, all data is shown before management fees, incentive fees, applicable expenses, taxes and does not account for the effects of inflation. Management fees, incentive fees and potential expenses are not considered and would reduce returns. Actual results experienced by investors may vary significantly from the target returns shown. Target Returns May Not Materialize.

The information in this presentation may contain projections or other forward-looking statements regarding future events, targets or expectations regarding the Fund (or other KKR Credit funds or accounts) or the strategies described herein. There is no assurance that such events or targets will be achieved, and may be significantly different from that shown here. The information in this presentation, including statements concerning financial market trends, is based on current market conditions, which will fluctuate and may be superseded by subsequent market events or for other reasons. The targeted returns presented herein are hypothetical in nature and are shown for illustrative, informational purposes only. Such targeted returns are not intended to forecast or predict future events, but rather to indicate the returns for investments that KKR Credit expects to seek to achieve on the Fund's overall portfolio of investments.

In addition, such target returns do not reflect the actual or expected returns of any portfolio strategy. Such target returns are based on KKR Credit's belief about the returns that may be achievable on investments that the Strategy intends to pursue in light of the experience of KKR and KKR Credit with similar investments historically, their view of current market conditions, potential investment opportunities that KKR Credit is currently or has recently reviewed, availability of financing and certain assumptions about investing conditions and market fluctuation or recovery. Targeted returns on specific investments are based on models, estimates and assumptions about performance believed to be reasonable under the circumstances. There is no guarantee that the facts on which such assumptions are based will materialize as anticipated, that market conditions will not deteriorate or that investment opportunities satisfying the Strategy's targeted returns will be available. Any changes in such assumptions, market conditions or availability of investments may have a material impact on the target return presented. Actual events and conditions may differ materially from those used to establish target returns. Any target return is hypothetical and is not a guarantee of future performance. Target gross returns for individual investments may be greater or less than the Strategy's overall target gross or net returns. Prospective investors should note that the targeted gross returns do not account for the effects of inflation and do not reflect the management fees, "carried interest," taxes, transaction costs and other expenses that will be borne by investors in the Fund, which will reduce returns and, in the aggregate, are expected to be substantial. Targeted returns are subject to significant economic, market and other uncertainties that may adversely affect the performance of any investments. Prospective investors are encouraged to contact the representatives of KKR Credit to discuss the procedures and methodologies (including assumptions) used to calculate the Fund's targeted returns.

Important Information

Employees of KKR Credit Advisors (US) LLC, Prisma Capital Partners LP and KKR Capital Markets LLC located in the United States are dual employees of Kohlberg Kravis Roberts & Co. L.P. (together with its affiliates, “KKR”).

Participation of KKR Private Equity, KKR Capital Markets and KKR Capstone personnel in the Fund’s investment activities is subject to applicable law and inside information barrier policies and procedures, which may limit the involvement of such personnel in certain circumstances and the ability of KKR Credit to leverage such integration with KKR. Discussions with KKR Senior Advisors and employees of KKR’s managed portfolio companies are also subject to inside information barrier policies and procedures, which may restrict or limit discussions and/or collaborations with KKR Credit.

General discussions contained within this presentation regarding the market or market conditions represent the view of either the source cited or KKR Credit. Such information is not research and should not be treated as research and is included in order to provide a framework to assist in the implementation of an investor’s own analysis and an investor’s own views on the topic discussed. Historic market trends are not reliable indicators of actual future market behaviour or future performance of any particular investment which may differ materially, and should not be relied upon as such. Nothing contained herein is intended to predict the performance of any investment. There can be no assurance that actual outcomes will match the assumptions or that actual returns will match any expected returns. The information contained herein is as of December 31, 2025, unless otherwise indicated, is subject to change, and KKR Credit assumes no obligation to update the information herein. The delivery of this presentation at any time shall not under any circumstances create an implication that the information contained herein is correct as of any time subsequent to such date. Statements contained herein that are attributable to the investment team, KKR or KKR Credit are not made in any person’s individual capacity, but rather on behalf of KKR or KKR Credit, as applicable.

In this presentation, references to “assets under management” or “AUM”, when used in respect to KKR, represent the assets as to which KKR Credit is entitled to receive a fee or carried interest. KKR Credit’s calculation of AUM may differ from the calculations of other asset managers and, as a result, KKR Credit’s measurements of its AUM may not be comparable to similar measures presented by other asset managers. KKR Credit’s definition of AUM is not based on any definition of AUM that is set forth in the Fund Documents or any KKR Credit products.

References to “assets under management” or “AUM” represent the assets managed by KKR or its strategic partners as to which KKR is entitled to receive a fee or carried interest (either currently or upon deployment of capital) and general partner capital. KKR calculates the amount of AUM as of any date as the sum of: (i) the fair value of the investments of KKR’s investment funds; (ii) uncalled capital commitments from these funds, including uncalled capital commitments from which KKR is currently not earning management fees or carried interest; (iii) the fair value of investments in KKR’s co-investment vehicles; (iv) the par value of outstanding CLOs (excluding CLOs wholly-owned by KKR); (v) KKR’s pro-rata portion of the AUM managed by strategic partnerships in which KKR holds a minority ownership interest and (vi) the fair value of other assets managed by KKR. The pro-rata portion of the AUM managed by strategic partnerships is calculated based on KKR’s percentage ownership interest in such entities multiplied by such entity’s respective AUM. KKR’s calculation of AUM may differ from the calculations of other asset managers and, as a result, KKR’s measurements of its AUM may not be comparable to similar measures presented by other asset managers. KKR’s definition of AUM is not based on the definitions of AUM that may be set forth in agreements governing the investment funds, vehicles or accounts that it manages and is not calculated pursuant to any regulatory definitions.

In this presentation, references to “assets under management” or “AUM” represent the assets managed by Future Standard or its strategic partners as to which Future Standard is entitled to receive a fee or carried interest (either currently or upon deployment of capital) and general partner capital. Future Standard calculates the amount of AUM as of any date as the sum of: (i) the fair value of the investments of Future Standard’s investment funds; (ii) uncalled investor capital commitments to these funds, including uncalled investor capital commitments from which Future Standard is currently not earning management fees or carried interest; (iii) the value of outstanding CLOs (excluding CLOs wholly-owned by Future Standard); (iv) the fair value of FS KKR Capital Corp. joint venture (JV) assets and (v) the fair value of other assets managed by Future Standard. Future Standard’s calculation of AUM may differ from the calculations of other asset managers and, as a result, Future Standard’s measurements of its AUM may not be comparable to similar measures presented by other asset managers. Future Standard’s definition of AUM is not based on any definition of AUM that may be set forth in agreements governing the investment funds, vehicles or accounts that it manages and is not calculated pursuant to any regulatory definitions.

References to “KKR Capstone” or “Capstone” are to all or any of KKR Capstone Americas LLC, KKR Capstone EMEA LLP, KKR Capstone EMEA (International) LLP, KKR Capstone Asia Limited, and their affiliates, which are owned and controlled by their senior management. KKR Capstone is a subsidiary of KKR. KKR Capstone operates under several consulting agreements with KKR and uses the “KKR” name under license from KKR. References to operating executives, operating experts, or operating consultants are to employees of KKR Capstone and not to employees of KKR. In this presentation, the impact of initiatives, in which KKR Capstone has been involved, is based on KKR Capstone’s internal analysis and information provided by the issuer of the applicable portfolio company. Impacts of such initiatives are estimates that have not been verified by a third party and are not based on any established standards or protocols.
