### FS KKR Capital Corp. Announces Further Detail on Expected Reverse Stock Split

PHILADELPHIA, PA, June 5, 2020 – FS KKR Capital Corp. (NYSE: FSK), a leading publicly traded business development company focused on providing customized credit solutions to private middle market U.S. companies, announced that it expects to implement a reverse stock split, to be effective on or around June 15, 2020, which was approved by the board of directors of the Company on May 26, 2020. As a result of the reverse stock split, the share count will be reduced on a 4 : 1 basis, such that each shareholder will receive 1 share for every 4 shares owned. The Company also intends to file a separate Articles of Amendment to its charter to provide that there will be no change in the par value of \$0.001 per share as a result of the reverse stock split. The reverse stock split is expected to be effective for trading purposes on June 16, 2020.

There is not expected to be any direct economic consequence to the Company or its shareholders from the reverse stock split. The reverse stock split will not change the authorized number of shares of the Company's common stock. The reverse stock split will affect all shareholders uniformly and will not alter any shareholder's percentage interest in the Company's equity, except to the extent that the reverse stock split would result in some shareholders owning a fractional share. In that regard, no fractional shares will be issued in connection with the reverse split. Shareholders of record who would otherwise be entitled to receive a fractional share will instead receive a cash payment based on the closing price of the Company's common stock as reported on the New York Stock Exchange on the effective date of the amendment to the Company's charter effecting the reverse stock split.

As previously disclosed, the Company's board of directors declared a regular quarterly cash distribution of \$0.15 per share, which will be paid on or about July 2, 2020 to shareholders of record as of the close of business on June 17, 2020. As a result of the reverse stock split, the cash distribution paid on or about July 2, 2020 will instead be \$0.60 per share (i.e., the aggregate amount that would have been payable on four shares prior to the reverse stock split).

The Depository Trust Company is acting as the exchange agent and DST Systems, Inc. is acting as the transfer agent for the reverse stock split. Shareholders holding their shares in book-entry form or in brokerage accounts need not take any action in connection with the reverse stock split. Beneficial holders are encouraged to contact their bank, broker or custodian with any procedural questions.
