### **About FS Investment Corporation**

FSIC is a publicly traded business development company (BDC) focused on providing customized credit solutions to private middle-market U.S. companies. FSIC seeks to invest primarily in the senior secured debt and, to a lesser extent, the subordinated debt of private middle-market companies to achieve the best risk-adjusted returns for its investors. In connection with its debt investments, FSIC may receive equity interests such as warrants or options.

FSIC is advised by FB Income Advisor, LLC, an affiliate of Franklin Square Capital Partners (Franklin Square), and is sub-advised by GSO / Blackstone Debt Funds Management LLC, an affiliate of GSO Capital Partners LP (GSO). GSO, with over \$70 billion in assets under management as of September 30, 2014, is the credit platform of Blackstone, one of the world's leading managers of alternative investments.

### **About Franklin Square**

Franklin Square is a leading manager of alternative investment funds designed to enhance investors' portfolios by providing access to asset classes, strategies and asset managers that typically have been available to only the largest institutional investors. The firm's funds offer "endowment-style" investment strategies that help construct diversified portfolios and manage risk. Franklin Square strives not only to maximize investment returns but also to set the industry standard for best practices by focusing on transparency, investor protection and education for investment professionals and their clients.

Founded in Philadelphia in 2007, Franklin Square quickly established itself as a leader in the world of alternative investments by introducing innovative credit-based income funds, including the industry's first non-traded BDC. The firm managed approximately \$13.6 billion in assets as of September 30, 2014.

### **About Blackstone and GSO Capital Partners**

Blackstone is one of the world's leading investment firms. Blackstone seeks to create positive economic impact and long-term value for its investors, the companies it invests in, and the communities in which it works. The firm does this by using extraordinary people and flexible capital to help companies solve problems. Blackstone's asset management businesses, with almost \$300 billion in assets under management, include investment vehicles focused on private equity, real estate, public debt and equity, non-investment grade credit, real assets and secondary funds, all on a global basis. Blackstone also provides various financial advisory services, including financial and strategic advisory, restructuring and reorganization advisory and fund placement services.

GSO is the global credit and distressed investment platform of Blackstone. With over \$70 billion of assets under management, GSO is one of the largest alternative managers in the world focused on the leveraged-finance, or non-investment grade related, marketplace. GSO seeks to generate attractive risk-adjusted returns in its business by investing in a broad array of strategies including mezzanine debt, distressed investing, leveraged loans and other special-situation strategies. Its funds are major providers of credit for small and middle-market companies, and it also advances rescue financing to help distressed companies.
